3m Aluminium Cantilever Parasol

The Stürdi Plus 3m Round Cantilever Aluminium Parasol features a 3m round canopy supported by a durable aluminium 2 piece pole and six steel ribs for strength and stability. The 230g polyester canopy offers Level 6 fade resistance and is water-resistant and UV-tested. Its free-standing, off-centre design allows seating to be positioned directly beneath the canopy, and the 360° rotation enables easy adjustment for optimal shade. The parasol is operated via a practical resin crank hub, runner and handle mechanism for smooth use.
